

Karin A. Kinsey, Author and Publisher
***DANCING ON WATER* from Dolphin Press**

SAMPLE REVIEW (Copyright free)

Is receiving messages and guidance from dolphins and whales and other animal allies too far afield? Not when you read about how dolphins appear unexpectedly in a powerful and life-changing encounter in non-physical form that later evolves into real-life experiences.

Lyricaly written and with an attention to detail, *DANCING ON WATER* is a heart-felt rendering of unexpected synchronisities and encounters with our cetacean friends. It begins with a reassessment of life after a near death experience and a powerful “visitation” in meditation which evolves into real-life connections with the dolphins and whales, both in and out of the water. With sensitivity and humor, the author explores the mysterious worlds of animal communication, telepathy and our own human vulnerabilities. From her experiences she is able to offer the reader genuine insight and practical steps towards having their own spiritual communications with animals. This is a timely and hope-filled book inviting us to listen to the wisdom of some our planet’s more delightful creatures and to attend to our role as stewards for a planet in dire need of our care and assistance.

ABOUT THE AUTHOR

Karin Kinsey is a freelance travel writer and graphic designer living in San Rafael, California, where she runs her own business and is the art director for an adventure travel magazine. She leads dolphin encounter trips and has explored such places as Hawaii, the Caribbean, Mexico and British Columbia in search of marine mammal life.

The book retails for \$12.95 plus tax and shipping, and is available at leading bookstores across the country and on-line at www.dolphinpress.com.
